In the attendance were relatives from Gloversville and New York city. The bearers were P. F. Bray, John A. Hourigan, Charles O. Murphy, and Francis J. Higgins.

CASE RESUMED AFTER RECESS OF YEAR.

Before Superior Court With Judge Shumway Presiding in New London.

After a year's intermission trial of the case of the New Haven road against E. Armstrong of New London, and others for trespass on property of the plaintiff was resumed in the superior court in New London on Tuesday morning before Judge Milton Shumway.

The suit is to restrain the defendants from building wharves into Shaw's cove across right of way controlled by the railroad.

Trial of the case was started a year ago in the superior court in New London and when most of the plaintiff's case was in, counsel for both sides agreed to an adjournment to permit of an attempt to settle. Efforts along this line have failed and the trial has been resumed.

Attorneys H. A. Hull, Frank L. McGuire and Charles B. Whittlesey for the plaintiff and Judge Stoddard and Attorney Wiggin of New Haven for the defendants had a long conference in the morning at which several matters were discussed, after which the trial was resumed. W. A. Fones, foreman for the T. A. Shea Co. was put on the stand to testify to the driving of piles in the course of some construction for the New Haven road and he was the only witness in the morning.

After the plaintiff had introduced city records to show that the city of New London in 1850 had given the New Haven road the right to cross any lands owned by it free, counsel agreed to adjourn again and the case will be resumed Tuesday morning, December 14.

NO DAMAGES FOR BITE BY DOG

Jury Finds for Defendant in Suit Brought by Homer D. Gager Against Arthur H. Mott—Damages of \$10,000 Were Asked for—Case Was Tried in Short Order.

One of the short cases in this term of the superior court was tried on Tuesday here before Judge William L. Bennett and a jury in the suit brought by Homer D. Gager of Norwich against Arthur H. Mott of the Canterbury turnpike for \$10,000 damages for being bitten by a dog. The case was started in court in the morning, the evidence was all in, and the arguments made by about 1:10 in the afternoon and at 4:23 the jury returned with a verdict for the defendant.

Mr. Gager was the first witness called to the stand by his counsel, Attorney Thomas M. Shields. Mr. Gager testified that he is a tea merchant and that on Aug. 22, 1915, while he was delivering tea at the Mott house on the Canterbury turnpike, he was bitten by a dog owned by the Mott family. He claimed that the calf of the leg was injured, that he suffered much pain, and that because of the injury he had not been able to get around his work as well as before. His wife cared for the wound from the bite for two weeks and then he went to Dr. P. J. Cassidy for treatment.

Naunie A. Gager and Dr. P. J. Cassidy followed Mr. Gager upon the witness stand and then the plaintiff rested.

The defendant, who was represented by Attorney P. J. Danahey of Willimantic, had two witnesses. These were Flora A. Mott and Miss M. Mott, testified that they knew nothing of the matter until the papers were served on them. Both sides rested at 17 minutes after noon.

PUBLIC WELFARE NURSE UNDER UNITED WORKERS.

Plan to Be Carried Out—Public Meeting to Be Held to Acquaint the Community.

The visiting nurse committee of the United Workers plans to secure a thoroughly trained and experienced public welfare nurse in the immediate future.

In line with this plan, a public meeting is to be held in the town hall on Tuesday evening, Nov. 30, to acquaint the community with what it is proposed to do, and for this purpose two very well informed speakers have been secured, one, Miss Ella Phillips Crandall, R. N., of New York, who is the executive secretary of the National Organization for Public Health, and the other, Miss Mary Grace Hills, superintendent of nurses of the Visiting Nurse association of New Haven.

They will explain the modern methods of conducting visiting nurse work, and tell of the daily working of such an organization.

The United Workers guarantee the salary of the nurse. The object of this meeting therefore is not to plead for funds, but for a genuine interest in and understanding of what is hoped to accomplish. Such work has the promise of a larger and larger growth if it is well understood and a general co-operation is obtained.

Endless good can be done in the way of prevention, hygiene, infant welfare work, the following up of tubercular patients, in addition to the comfort and cheer given to chronic invalids, or to persons who are sick and cannot afford to pay for the services of a nurse, but might be able to pay the price (i. e., actual cost) of a visit.

For those whose means make it impossible to pay anything, the nurse's services will be free.

Plans for the work and the meeting have been made under the visiting nurse committee, of which Mrs. Isabel Homer Graham is chairman.

U. S. ENGINEERS COMING TO NEW LONDON

Department Office to Be Transferred from New Haven.

The branch of the United States engineers' office which has been located in New Haven for 15 years, will be removed to New London about Jan. 1. The work at New Haven has been in charge of George E. Verrill, as assistant engineer, who has had charge of the work in this state area of the Connecticut river. After the removal he will have charge of all the river and harbor work in the district, which comprises Connecticut and up the Connecticut river into Massachusetts.

The headquarters of the entire district were formerly in New Haven, but when the fortification work was begun at New London and vicinity a change was made to New London, where Major Pillsbury is the engineer in charge. The New Haven branch office now located in the Second National bank building, has employed as many as 35 men, including the survey workers but now there are only about 16 attached to the office.

The removal is on the ground of economy to the government, so Engineer Verrill stated on Tuesday.

FOR SUMMER HOME FOR CRIPPLED CHILDREN

Schellens Place in Groton Bought by New York Institution.

On Tuesday the Broad Street residence of P. L. Schellens in Groton was sold to the Home for Crippled Children, Inc., of New York.

The residence is to be used as a summer recreation place for the inmates of the home in New York. The home is a comparatively new institution and Mrs. Nicholas M. Pond of New York, one of the heirs of the late Sebastian Lawrence, is connected with it.

It is intended each year to bring the unfortunate inmates of the home to Groton to spend the summer. They will come to Groton about May and will stay until late in the summer. The residence is commodious and is ideally located for the purpose. There are spacious grounds on which the crippled children will find pleasure.

REPORTS GIVEN AT SECOND CHURCH AUXILIARY

Members Heard from Meeting at Mystic and at Burlington.

The regular monthly meeting of the auxiliary of the Woman's Board of Missions of the Second Congregational church was held in the church parlors on Tuesday afternoon at 3 o'clock with the president, Mrs. Herbert J. The meeting was held on Tuesday instead of Wednesday owing to the fact that Thanksgiving occurs on Thursday.

Episcopal Union Service.

Trinity Episcopal church and Christ church will unite for a Thanksgiving service to be held at Christ church at 10:30 o'clock Thursday. There will be morning prayer and holy communion. The sermon will be delivered by Archdeacon J. Eldred Brown of Trinity church.

Attorney Danahey began his argument at 4:08 after court had come in again and concluded his talk to the jury at 2:22. Attorney Shields made a concluding argument of 16 minutes and Judge Bennett occupied about 22 minutes in his charge, the jury retiring at about 3:10.

Before the dog bite case was taken up when court opened in the morning the court was informed that the case assigned ahead of it was in process of settlement. This was the suit for \$5,000 damages brought by Josie Szczykowski, a minor, against Annie Meach Walker, both of this city. The claim on which the suit was brought was that the plaintiff was struck on April 10, 1915, on West Thorne street near Shipping street, by the automobile of the defendant and that she was badly cut on the head, had concussion of the brain and injuries to her body and hip. At the time the Szczykowski child was six years old.

Shields & Shields and Brown and Perkins are attorneys for the plaintiff. Brown and James appear for the defendant.

The jury in the dog bite case was Edward J. McCarthy, James D. McCarthy, John Crawford, Norwich; Eckford G. Pendleton, Maurice R. Flynn, Preston; David Bigelow, Colchester; Arthur P. Turner, Lebanon; John H. Steadman, North Stonington; A. Douglas Winchester, Bozrah; William E. Rushlow, Sprague; Fred B. Kinn, Lisbon; Frank P. Kinn, Voluntown.

CONSUMERS' LEAGUE REQUESTS EARLY CHRISTMAS SHOPPING.

Ask For Limit to Be From December 17 and By Daylight.

The Connecticut Consumers' league has sent out the following notice:

The Home Office of the English government issued an appeal to shoppers a few months ago to shop early, not to expect immediate service, to carry in parcels, and to limit their sending forth orders to set forth their wants clearly in writing. This is done, of course, to reduce to a minimum the number of men required in the service of the stores.

The London Telegraph which prints an article on the subject, regrets with pride the response of the English women to this appeal. It has initiated a new and helpful movement. Fewer parcels have been delivered in London than in any similar period for years past, and in other cities and towns a new patriotic movement has begun. The public is becoming methodical and patient and cheerfully submitting to inconvenience.

The Consumers' League can not appeal to the patriotism of Connecticut. It is in the interest of the shopkeeper to do their Christmas shopping early, yet there lies behind his appeal the best and truest kind of patriotism—the desire that our young people maintain their health and vigor for the years to come, that our working children should not be taxed beyond their strength, and that wage-earning mothers should not be overcome by the strain of the usual holiday season. Do your Christmas shopping early.

Many of the store windows in this city now show cards of the Consumers' league which request that Christmas shopping be done before December 17 and by daylight.

AT LEAST ONE DELIVERY ON HOLIDAYS.

New Order by Postoffice Department—Changes Former Instructions.

By a newly announced decision of the postoffice department, hereafter on all holidays at least one delivery of mail must be made. Previously it was left to the discretion of the postoffice whether or not delivery should be made or not on holidays which came in the middle of the week. The order now promulgated makes it mandatory to send out one delivery on every holiday.
